DECORATIONS, MEDALS, AND RIBBONS

- Section 1. GENERAL INSTRUCTIONS CONCERNING DEC-ORATIONS, MEDALS, RIBBONS, AND DE-VICES
- (1) The primary purpose of decorations, medals, commendations and citations, either individual or by units, is to recognize and reward acts or services of distinction which were above and beyond that normally expected and which distinguished the individual or unit among those performing similar acts or services.
- (2) Recommendations. Recommendations for awards of decorations may be initiated by any officer and submitted via official channels to the Secretary of the Navy or, in time of war, to the appropriate officer having been delegated authority by the Secretary of the Navy to make awards. Recommendations should be submitted as promptly as practicable after the performance of the act or service. Such recommendations should meet the following conditions:
 - (a) Be based upon known facts.
- (b) Contain a complete and yet concise description of the act or service including dates and exact information concerning the status of the person recommended at the time the act or service was performed.
- (c) Be submitted in such detail that the awarding authority may determine whether or not the act or service meets the requirements for the award.
 - (d) Be accompanied by a proposed citation.
- (3) Time limits.—Except in time of war or national emergency, recommendations for award of the Medal of Honor, Navy Cross, Distinguished Service Medal, Silver Star Medal, and Navy and Marine Corps Medal must be submitted within 3 years, and the award must be made within 5 years of the date of the act or service. Recommendations for the Distinguished Flying Cross must be initiated within 2 years, and the award must be made within 3 years of the date of the act or service. There is no established time limit for recommendation for/or award of the Legion of Merit, Bronze Star Medal, Air Medal, Letter of Commendation, Purple Heart, Presidential Unit Citation, or Navy Unit Commendation.
- (4) Delegation of authority.—In time of war authority to award, except posthumously or in absentia, the Navy Cross, Legion of Merit, Silver Star Medal, Distinguished Flying Cross, Navy and Marine Corps Medal, Bronze Star Medal, Air Medal, and Purple Heart to personnel under their command may be delegated to all fleet commanders. Commanders in chief may be authorized by the Secretary of the Navy

- to delegate their authority to make the awards enumerated above to any flag commands within their fleets.
- (5) Posthumous awards.—In case an individual who distinguishes himself dies before the making of an award to which he is entitled the award may nevertheless be made and the medal, cross, bar, or other emblem, or insignia presented to the official next of kin of the deceased within 5 years from the date of the act or service justifying the award thereof
- (6) Presentation of decorations.—If the recipient of a Medal of Honor is within reasonable distance, he will be ordered to Washington and the presentation will be made by the President of the United States, or by the Secretary of the Navy as the President's personal representative. Otherwise the Medal of Honor will be presented with appropriate ceremony by the senior officer present. All other awards will be presented by the Secretary of the Navy or the highest ranking officer present in accordance with current directives and established procedures. Presentation will be made with appropriate ceremony as soon as practicable after the award is authorized. Awards made posthumously will be presented to the next of kin of the recipient in accordance with current directives and established procedure.
- (7) Replacement of medals.—Whenever a decoration, medal, bar, rosette or other device presented in accordance with existing laws and regulations shall have been lost, destroyed, or rendered unfit for use, without fault or neglect on the part of the person to whom it was awarded, it shall be replaced without charge.
- (8) Limitation of medals—(a) Decorations.—No more than one decoration of the same type shall be awarded to any one person, except when awarded as specified in section 18, but for each succeeding deed, act, or achievement sufficient to justify an award a gold star will be awarded in lieu thereof. Not more than one of the several decorations authorized by Federal law or Executive order will be awarded for the same act or service. No medal, cross, bar, or other emblem or insignia shall be awarded or presented to any individual or to the representative of any individual whose entire service subsequent to the time he distinguished himself shall not have been honorable.
- (b) Campaign and service awards.—No campaign or service medal will be issued to a member of the Navy or Coast Guard who during the inclusive period for which such medal is authorized served under

other than honorable conditions. (For regulations concerning honorable service for the Good Conduct Medal, see section 25. For honorable service requirements for members of the United States Marine Corps, see Marine Corps Manual, section 20.)

- (9) Stars for subsequent awards, and miscellaneous devices—(a) Gold stars.—The gold stars presented in lieu of additional awards of the same decoration to be worn upon the suspension ribbon of the medal will be of a size inscribed in a circle three-eighths inch in diameter. Gold stars worn upon the ribbon representing the medal to indicate additional awards, shall be of a size inscribed in a circle five-sixteenths inch in diameter. In lieu of five stars, one silver star of the same dimensions will be worn on the ribbon bar or on the suspension ribbon of the medal.
- (b) Bronze stars.—Bronze stars authorized to be worn upon the ribbon bars of the Commendation Ribbon, Presidential Unit Citation, Navy Unit Commendation, Navy Good Conduct Medal, Naval Reserve Medal, campaign and service medals, shall be of a size inscribed in a circle three-sixteenths inch in diameter. Bronze stars also may be worn on the suspension ribbon of Area Campaign medals and the Naval Reserve Medal. In lieu of five such stars, one silver star of a size inscribed in a circle five-sixteenths inch shall be worn.
- (c) The first star authorized to be worn upon a ribbon shall be centered upon the ribbon. If more than one star is worn they shall be placed in a horizontal line close to and symmetrically about the center of the ribbon. A silver star worn in lieu of five bronze or gold stars shall be located as near the center of the ribbon as the symmetrical arrangement permits. Stars shall be placed upon the ribbon point down.
- (d) Silver letter W.—Persons entitled to wear the Expeditionary Medal for Wake Island are authorized to wear a silver letter "W" on the service ribbon of the Navy Expeditionary Medal. Such letter shall be three-eighths inch in height and shall be worn centered on the service ribbon of the Navy Expeditionary Medal.
- (e) Bronze letter A.—A bronze letter A is authorized to be worn on the ribbon of the American Defense Service Medal by personnel of the Navy, Marine Corps, and Coast Guard entitled thereto as specified in section 48. Such letter shall be three-eighths inch in height and shall be worn centered on the ribbon. When the A is worn no star shall be worn upon the ribbon.
- (f) Combat distinguishing device, bronze letter V.—Personnel who have been awarded the Legion of Merit, the Bronze Star or the Commendation Ribbon for acts or services involving direct participation in combat operations may be authorized to wear the Combat Distinguishing Device, a bronze block letter V, one-fourth inch in height, in the center of the ribbon. Only one combat V may be worn upon a single ribbon. Gold or silver stars indicating more than one award of the same decorations

Provided, That the design of this medal shall be the same as that adopted pursuant to the act approved December 21, 1861 (12 Stat. 330)." However, for the information of those holding Medals of Honor previously authorized by law, the following information is pertinent:

mendation of his commanding officer, approved by the flag officer and the Secretary of the Navy, receive a gratuity and Medal of Honor as provided for seamen in section 1407 of the Revised Statutes." This gratuity for enlisted men was set at \$100.

(b) The Medal of Honor was originally authorized for officers of the Navy and Marine Corps in the act of 3 March 1915, which provides: "The President of the United States is hereby empowered to prepare a suitable Medal of Honor to be awarded to any officer of the Navy, Marine Corps, or Coast Guard who shall have distinguished himself in battle or displayed extraordinary heroism in the line of his profession." (Note: Personnel placed on the retired list of the Navy are considered as members of the naval service.) Applications for entry on said roll shall be made in such form and under such regulations as shall be prescribed by the War Department and Navy Department, respectively, and proper blanks and instructions shall be furnished by the proper Secretary without charge, upon request made by any person claiming the benefits of this act."

Section 9. DISTINGUISHED SERVICE MEDAL

(1) The act of 7 August 1942 (sec. 3), amending the act of 4 February 1919, provides: "That the President be, and he hereby is, further authorized to present, but not in the name of Congress, a Distinguished Service Medal of appropriate design and a ribbon, together with a rosette or other device to be worn in lieu thereof, to any person who, while serving in any capacity with the Navy of the United States, since the sixth day of April 1917 has dis-

tinguished, or who hereafter shall distinguish himself by exceptionally meritorious service to the Government in a duty of great responsibility." For gratuity see section 3.

Section 10. SILVER STAR MEDAL

- (1) The act of 7 August 1942 (sec. 4), provides: "That the President be, and he hereby is, further authorized to present, but not in the name of Congress, a Silver Star Medal of appropriate design and a ribbon together with a rosette or other device to be worn in lieu thereof, to any person who, while serving in any capacity with the Navy of the United States, since 6 December 1941, has distinguished himself or who hereafter shall distinguish himself conspicuously by gallantry and intrepidity in action, such gallantry and service not being sufficient to justify the award of a Medal of Honor or a Navy Cross."
- (2) The act of 7 August 1942 (sec. 10), provides: "That in cases of persons now in the naval service for whom the award of the Medal of Honor, Distinguished Service Medal, or the Navy Cross, has been recommended in full compliance with then existing regulations, but on account of services which, though insufficient fully to justify the award of the Medal of Honor, the Distinguished Service Medal, or the Navy Cross, appears to have been such as to justify the award of the Silver Star Medal, hereinbefore provided such cases may be considered and acted upon under the provisions of this act authorizing award of the Silver Star Medal, notwithstanding that said services may have been rendered more than 5 years before said cases shall have been considered as authorized by this proviso, but all consideration or any action upon any of said cases shall be based exclusively upon official records now on file in the Navy Department." For gratuity see section 3.

Section 11. LEGION OF MERIT

- (1) The act of 20 July 1942 (sec. 2) (1), provides: "That there is hereby created a decoration to be known as the Legion of Merit, which shall have suitable appurtenances and devices and not more than four degrees, and which the President, under such rules and regulations as he shall prescribe, may award to—
- (a) Personnel of the armed forces of the United States and of the Government of the Philippines,
- (b) Personnel of the armed forces of friendly foreign nations who, since the proclamation of an emergency by the President on September 8, 1939, shall have distinguished themselves by exceptionally meritorious conduct in the performance of outstanding services."
- (2) The following detailed regulations govern the award of the Legion of Merit, and the preparation and submission of recommendations therefor:
- (a) Personnel of armed forces of the United States and of the Government of the Philippines:
- 1. The award of the Legion of Merit to personnel of the armed forces of the United States and of the

- Government of the Philippines shall be made as the Legion of Merit without reference to any degree, to such personnel who qualify therefor in accordance with the creating law.
- 2. For this purpose, the medal and ribbon for the degree of Legionnaire as prescribed for award to foreign personnel will be used.
- (b) Personnel of the armed forces of friendly foreign nations:
- 1. The award of the Legion of Merit to personnel of friendly foreign nations shall be made in the appropriate one of four degrees as follows:
 - a. Chief Commander.
 - b. Commander.
 - c. Officer
 - d. Legionnaire.
- 2. This award will be made to personnel of the armed forces of friendly foreign nations only with the approval of the President of the United States in each case.
- 3. No award of the same or of a lower degree will be made to an individual who has previously been awarded the Legion of Merit. A higher degree may be awarded if subsequent services warrant.

Section 12. DISTINGUISHED FLYING CROSS

- (1) Section 12 of the act of 2 July 1926, promulgated by Executive Order No. 4576 of 28 January 1927, amended by Executive Order No. 7786 of 8 January 1938, provides:
- (a) A Distinguished Flying Cross is awarded to any person who, while serving in any capacity with the Air Corps of the Army of the United States, including the National Guard and Organized Reserves, or with the United States Navy or the Coast Guard of the United States subsequent to 6 April 1917, has distinguished himself by heroism or extraordinary achievement while participating in an aerial flight.
- (b) No person is eligible for the award of the Distinguished Flying Cross for an act performed prior to 11 November 1918, except—
- 1. Officers or enlisted men who have heretofore been recommended for but have not received the Congressional Medal of Honor, the Distinguished Service Medal, or Navy Cross.
- 2. Officers or enlisted men who displayed heroism while serving as instructors or students at flying schools.
- (c) Subject to other special conditions prescribed in the law, the following classes of persons are eligible for the award of the Distinguished Flying Cross:
- 1. All members of the Army, Navy, Marine Corps, and the Coast Guard while participating in an aerial flight as part of the duties incident to such membership.
- 2. All members of the National Guard not in Federal Service, the Organized Reserves, the Officers' Reserve Corps, the Enlisted Reserve Corps, the Naval Reserves, and the Marine Corps Reserves, not on active duty, while participating in an aerial flight as part of the duties incident to such membership.
- 3. Members of the military, naval, or air forces of foreign governments while serving with the military

or naval forces of the United States, while participating in an aerial flight.

(d) Civilians are not eligible for the award of the Distinguished Flying Cross. (Executive Order No. 4601 of March 1, 1927.)

Note: To justify this award for heroism, an act in the face of great danger, well above normal expectation, such as to distinguish the individual above those of comparable rank or rating performing similar services, is required; for achievement, the results accomplished must be so exceptional as to render the individual conspicuous among those of comparable rank or rating performing similar services. The recommendation should contain a specific statement setting forth the particular flight on which the recommendation is based. For gratuity see section 3.

Section 13. NAVY AND MARINE CORPS MEDAL

(1) The act of 7 August 1942 (sec. 5), provides: "That the President be, and he hereby is, further authorized to present, but not in the name of Congress, a medal to be known as the Navy and Marine Corps Medal, of appropriate design with accompanying ribbon, together with rosette or other device to be worn in lieu thereof to any person who, while serving in any capacity with the United States Navy or Marine Corps, including the Naval Reserve or Marine Corps Reserve, shall have, since December 6, 1941, distinguished himself or herself by heroism not involving actual conflict with an enemy, or to any person to whom the Secretary of the Navy has heretofore awarded a letter of commendation for heroism, regardless of the date of such act of heroism, who makes application for such medal. No additional pay shall be payable under section 6 for service rendered prior to the date of the enactment of this section by virtue of the award of a Navy and Marine Corps Medal based upon any act of heroism performed prior to December 7, 1941."

(2) The act of 7 August 1942 (sec. 10), provides: "That in cases of persons now in the naval service for whom the award of the Medal of Honor, Distinguished Service Medal, or Navy Cross, has been recommended in full compliance with then existing regulations, but on account of services which, though insufficient fully to justify the award of the Medal of Honor, the Distinguished Service Medal, or the Navy Cross, appear to have been such as to justify the award of the Navy and Marine Corps Medal hereinbefore provided, such cases may be considered and acted upon under the provisions of this act authorizing the award of the Navy and Marine Corps Medal, notwithstanding that said services may have been rendered more than 5 years before said cases shall have been considered as authorized by this proviso, but all consideration or any action upon any of said cases shall be based exclusively upon official records now on file in the Navy Department."

(3) Holders of Letters of Commendation awarded by the Secretary of the Navy for heroism not involving combat, to become eligible for the award of the Navy and Marine Corps Medal, shall submit applications to the Secretary of the Navy for such award. For gratuity see section 3.

Section 14. BRONZE STAR MEDAL

(1) Executive Order 9419 of 4 February 1944, provides: "There is hereby established the Bronze Star Medal, with accompanying ribbons and appurtenances, for award to any person who, while serving in any capacity in or with the Army, Navy, Marine Corps, or Coast Guard of the United States on or after 7 December 1941, distinguishes, or has distinguished, himself by heroic or meritorious achievement or service, not involving participation in aerial flight, in connection with military or naval operations against an enemy of the United States."

(2) The required achievement or service for award of the Bronze Star Medal is less than that required for award of the Silver Star Medal or the Legion of Merit but must nevertheless be accomplished or performed in a manner above that normally to be expected and sufficient to distinguish him among those performing comparable duties. The Bronze Star Medal may be awarded to recognize minor acts of heroism in actual combat or single acts of merit, or meritorious service either in sustained operational activities against an enemy or in direct support of such operations.

Section 15. AIR MEDAL

(1) Executive Order No. 9158 of 11 May 1942, provides: "By virtue of authority vested in me as President of the United States and as Commander in Chief of the Army and Navy of the United States, it is hereby ordered that an Air Medal, with accompanying ribbons, be established for award to any person who, while serving in any capacity in or with the Army, Navy, Marine Corps, or Coast Guard of the United States subsequent to 8 September 1939, distinguishes, or has distinguished, himself by meritorious achievement while participating in an aerial flight.

(2) "The Air Medal and appurtenances thereto shall be of appropriate design approved by the Secretary of War, the Secretary of the Navy, and the Secretary of the Treasury, and, under such regulations as said Secretaries may prescribe, may be awarded by the Secretary of War, the Secretary of the Navy, or the Secretary of the Treasury, or by such commanding officers of the Army, Navy, Marine Corps, or Coast Guard as the said Secretaries may respectively designate. Awards to personnel of the Coast Guard when serving under his jurisdiction shall be made by or under the direction of the Secretary of the Navy."

(3) Attention is invited to the fact that the Air Medal may be awarded for meritorious acts or series of acts while participating in an aerial flight. To justify this award, however, the achievements must have been accomplished with distinction.

(4) The Air Medal is available for award to civilians serving with the Navy.

Section 16. NAVY COMMENDATION RIBBON (NO MEDAL INVOLVED)

(1) The Secretary of the Navy on 11 January 1944, authorized a ribbon to be known as the Commendation Ribbon (no medal involved) to be worn by authorized personnel in the same manner as prescribed for other decorations or service ribbons. All personnel of the Navy, Marine Corps, and Coast Guard who have received an individual letter of commendation signed by the Secretary of the Navy, Commander in Chief, United States Fleet, Commander in Chief, Pacific Fleet or Commander in Chief, Atlantic Fleet for an act of heroism or service performed between 6 December 1941 and 11 January 1944, are authorized to wear the Commendation Ribbon.

(2) All personnel of the above services who subsequently received such a commendation, signed by the Secretary of the Navy or other designated authorities, are authorized to wear the Commendation Ribbon, provided such letter of commendation contains in the text such authorization, signifying the desire of the issuing officer to accord this privilege. (Authorized by AlNav 11 of 11 January 1944.)

Section 17. COAST GUARD COMMENDATION RIBBON

(1) The Secretary of the Treasury on 26 August 1947, established the Coast Guard Commendation Ribbon (no medal involved) to be awarded to Members of the Armed Forces of the United States serving in any capacity with the Coast Guard for meritorious service resulting in unusual and outstanding achievement rendered while the Coast Guard is serving under Treasury Department jurisdiction.

(2) The Commendation Ribbon will be awarded by the Secretary of the Treasury or the Commandant, Coast Guard, with individual Letters of Commendation and such authority will be included in

the letter of commendation.

(3) An individual who has received a Secretary of the Treasury letter of commendation or a Commandant's Citation for services performed under Treasury Department jurisdiction from 1 January 1946 to 26 August 1947 may upon application have his award reviewed for the purpose of authorizing the Coast Guard Commendation Ribbon.

Section 18. PURPLE HEART

(1) General Order No. 186 of 21 January 1943, promulgating Executive Order No. 9277, of 3 December 1942, provides:

EXECUTIVE ORDER NO. 9277

AWARD OF THE PURPLE HEART TO PERSONS SERVING WITH THE NAVY, MARINE CORPS, OR COAST GUARD OF THE UNITED STATES

Whereas the decoration of the Purple Heart is awarded, as prescribed by Army Regulations of September 4, 1942, to persons serving with the Navy, Marine Corps, or Coast Guard of the United States:

Now, therefore, by virtue of the authority vested in me as President of the United States, and as Commander in Chief of the Army and Navy of the United States, it is hereby ordered as follows:

(1) The Secretary of the Navy is authorized and directed to award the Purple Heart in the name of the

President of the United States to persons who, while heretofore or hereafter serving in any capacity with the Navy, Marine Corps, or Coast Guard of the United States, are wounded in action against an enemy of the United States, or as a result of an act of such enemy, provided such wound necessitates treatment by a medical officer.

(2) Except as authorized in paragraph 3 hereof, no more than one Purple Heart shall be awarded to any one person, but for each subsequent justification (different engagement) for such an award, a Gold Star, or other suitable device shall be awarded, to be worn with the Purple Heart,

as prescribed by appropriate regulations.

(3) The Secretary of the Navy is further authorized and directed to award the Purple Heart posthumously, in the name of the President of the United States, to any persons who, while serving in any capacity with the Navy, Marine Corps, or Coast Guard of the United States, since December 6, 1941, are killed in action or who die as a direct result of wounds received in action with an enemy of the United States, or as a result of an act of such enemy. The Purple Heart will be forwarded to nearest of kin of any person entitled to the posthumous award, regardless of whether a previous award has been made to such person.

(4) If so authorized by the Secretary of the Navy, the award of the Purple Heart may be made by the Commander in Chief of a fleet, or by such other appropriate officers as the Secretary of the Navy may designate.

(5) The Secretary of the Navy is authorized to promulgate such regulations as he may deem appropriate to effectuate the purposes hereof. The regulations of the Secretary of the Navy hereunder, and the regulations of the Secretary of War with respect to the award of the Purple Heart to persons serving in any capacity with the Army of the United States, shall, so far as practicable, be of uniform application.

(S) FRANKLIN D. ROOSEVELT.

THE WHITE HOUSE,

December 3, 1942.

- (2) For the purposes of awarding the Purple Heart, a wound is defined as an injury to any part of the body from an outside force, element, or agent sustained as a result of a hostile act of the enemy or while in action in face of the enemy.
- (3) One award (the Purple Heart for the first wound, the Gold Star thereafter) is authorized for each wound, except that one such award only is authorized for two or more wounds received contemporaneously from the same agent or missile, or from two or more agents or missiles. An award is not authorized for wounds in any case where medical treatment was not given.
- (4) Applications for the award of the Purple Heart will be forwarded to the Chief of Naval Personnel, to the Commandant, United States Marine Corps, or the Commandant, United States Coast Guard, as appropriate.

Section 19. SPECIALLY MERITORIOUS MEDAL—WAR WITH

The act of 3 March 1901, authorizes the award of bronze medals to officers and men of the Navy and Marine Corps who rendered specially meritorious service, otherwise than in battle, during the War with Spain. The act further provides that any person entitled to receive recognition in more than one instance, shall, instead of a second medal, be presented with a bronze bar, appropriately inscribed, to be attached to the ribbon by which the medal is suspended. This medal is no longer issued.

Section 20. PRESIDENTIAL UNIT CITATION

- (1) General Order No. 187 of 3 February 1943, promulgating Executive Order No. 9050 of 6 February 1942 provides:
- (a) Executive Order No. 9050, which authorizes and directs the Secretary of the Navy to issue a citation in the name of the President, to Navy and Marine Corps Units for outstanding performance in action is quoted.

EXECUTIVE ORDER No. 9050

By virtue of the authority vested in me as President of the United States, and as Commander in Chief of the Army and Navy of the United States, it is ordered as follows:

- 1. The Secretary of the Navy is hereby authorized and directed to issue a citation in the name of the President of the United States, as public evidence of deserved honor and distinction, to any ship, aircraft, or other naval unit and to any Marine Corps aircraft, detachment, or higher unit, for outstanding performance in action on or after October 16, 1941.
- 2. Appropriate insignia of such form and design as may be determined by the Secretary of the Navy may be displayed by any ship, aircraft, naval unit, or any Marine Corps aircraft, detachment, or higher unit, to which such citation is issued.
- 3. After any Naval or Marine Corps unit is so cited on two or more separate occasions for outstanding performance in action occuring on or after October 16, 1941, such insignia shall become a part of the uniform of such unit, and shall be issued to officers and men who may thereafter become members of such unit; and such insignia may be worn at all times by individuals who were attached to the unit so cited on one of the two or more occasions in connection with which the citation was issued, whether they thereafter serve with such unit or with a different unit.

FRANKLIN D. ROOSEVELT.

THE WHITE HOUSE, February 6, 1942.

- (b) Commanders of forces afloat will make recommendations to the Secretary of the Navy via official channels for the Presidential Unit Citation for such units of their commands as from time to time they deem worthy of such distinction. Recommendations will be confined to cases wherein the unit performs services in action above and beyond the high standard expected of our forces and is considered outstanding as compared to services of other comparable units engaged in the same or similar actions. Each recommendation will be submitted separately and will be accompanied by sufficient data forming the basis of the recommendation to enable the Navy Department Board of Decorations and Medals adequately to consider the case.
- (c) The insignia of the Unit Citation authorized by the above Executive Order shall be in the following form and design:
- 1. A burgee pennant design of blue, gold, and scarlet of 27 units on the hoist by 57 units on the fly, with the gold measuring 13 units on the hoist and 48 units on the fly centered between the blue above and the scarlet below.
- 2. For ships, aircraft, units, tank units, etc., a bronze plaque is authorized to be displayed. Such

plaque to be of appropriate size and to have the Unit Citation insignia centered in the upper part and the citation engraved below it. Individual planes, tanks, etc., of a cited unit are authorized to paint the design of appropriate size in a suitable place upon the plane, tank, etc.

- 3. For companies, battalions, regiments, etc., awarded the Unit Citation, a battle streamer of appropriate size with the citation engraved upon the standard is authorized.
- 4. Should a unit be cited more than once, for each citation in addition to the first for which the insignia is authorized, there shall be added one blue star up to a total of five stars. Stars will be displayed upon the gold part of the insignia. The additional citation for each star is authorized to be engraved upon the plaque.
- 5. In time of peace ships shall carry an additional display of pennant of the insignia design to be dis-

played at some place on the top hamper to be visible to other units.

- 6. Should a cited ship be lost, provision will be made for the display of the plaque by the namesake, if appropriate, with a notation of when and where the ship was lost; or in the event that no new ship is named for the one cited and lost, the plaque will be sent to the United States Naval Academy for appropriate display.
- (d) 1. When a unit has received the Presidential Unit Citation all personnel of the cited unit who were actually present and participated in the action, or one of the actions if more than one is mentioned, upon which the citation is based, shall wear the ribbon with star permanently. (Par. 3 of Executive Order 9050 changed by authority of the President June 1943.)
- 2. Personnel attached to the cited unit but not present or participating in the basic action or actions and personnel who subsequently join the cited unit shall wear the citation ribbon without star and then only while attached to that unit.
- 3. Flag officers and members of their staffs serving in a unit upon the occasion for which cited, or any part thereof, shall be included in the unit citation.
- 4. The following is a list of the Ships and Units which have been awarded the Presidential Unit Citation:

Section 21. NAVY UNIT COMMENDATION

794090-48-2

(1) The Secretary of the Navy on 18 December 1944, established, with the approval of the President of the United States, a unit citation junior to the Presidential Unit Citation to be known as the Navy Unit Commendation, to be awarded by the Secretary of the Navy to any ship, aircraft, detachment, or other unit in the naval service of the United States which has, subsequent to 6 December 1941, distinguished itself by outstanding heroism in action against the enemy but not sufficiently to justify award of the Presidential Unit Citation; or to be awarded to any similar unit which has distinguished itself by extremely meritorious service not involving combat but in support of military operations and such as to render the unit outstanding compared to similar units rendering similar service. To justify this commendation the unit must have performed service as a unit of a character comparable to that which would merit the award of a Silver Star Medal or a Legion of Merit to an individual. Normal performance of duty under the ordinary hazards of war, participation in extended periods of duty or in a large number of combat missions does not in itself justify the award.

(2) No unit, or any part thereof, will be awarded both the Presidential Unit Citation and the Navy Unit Commendation for the same act of service.

- (3) When a unit has received the Navy Unit Commendation, all personnel attached to the unit and actually present and serving therein during the service or occasion for which commended, or any part thereof, are authorized to wear the Navy Unit Commendation Ribbon permanently regardless of where serving. Such personnel are authorized to wear a bronze star upon the ribbon for each additional commendation of the unit in which they serve during the occasion for which the unit is commended, whether it be the same or another unit.
- (4) The following is a list of the ships and units which have been awarded the Navy Unit Commendation:

Section 22. DECORATIONS AWARDED BY FOREIGN GOV-ERNMENTS

- (1) No person holding any position of profit or trust under the United States shall, without the consent of Congress accept any present, emolument, office, or title of any kind whatever from any king, or prince, of a foreign state. (See United States Constitution, art. 1, sec. 9, cl. 8.)
- (2) Any present, decoration, or other thing, including citation, which shall be conferred or presented by any foreign government to any officer or enlisted man of the United States, civil, naval, or military, shall be tendered through the Department of State, and not to the individual in person, but such present, decoration, or other thing shall not be delivered by the Department of State unless so authorized by act of Congress. (See sec. 3 act of 31 January 1881.)
- (3) When the bestowal of a foreign decoration is made under such circumstances that its refusal would prove embarrassing to the power conferring

- it, the individual may accept it. He should, at the same time, inform the donor that he is accepting it subject to the approval of Congress, and forward the decoration and diploma or other thing to the Chief of Naval Personnel for further transmittal to the Department of State. He should not obligate himself or the United States in any way.
- (4) Personnel presented with foreign awards, approved by existing law and the Navy Department, but not transmitted by the Chief of Naval Personnel, should immediately notify the Chief of Naval Personnel upon receipt of such awards for completion of the records.

Section 23. LIFE-SAVING MEDALS AWARDED BY THE TREASURY DEPARTMENT

(1) Gold life-saving medals may be awarded to those persons who, by extreme and heroic daring, have endangered their lives in saving or endeavoring to save lives from the perils of the sea in waters over which the United States has jurisdiction, or upon American vessels.

- (2) Silver life-saving medals may be awarded to those persons who, in cases not sufficiently distinguished to deserve the gold medal, have endangered their lives in saving or endeavoring to save lives from the perils of the sea in waters over which the United States has jurisdiction, or upon American vessels.
- (3) Service required.—The saving of life or giving of succor does not in itself entitle a person to a medal. The medals can be given in only those instances in which exceptional bravery has been displayed or in which unusual effort or some great personal sacrifice has been made. The saving of persons from drowning in waters wholly within a State and not forming a part of the navigible waters of the United States or in small inland streams, ponds, pools, etc., does not entitled the rescuer to medals.
- (4) Evidence required.—Satisfactory evidence of the services performed must be filed in each case. This evidence should be in the form of affidavits made by eyewitnesses of good repute and standing, testifying of their own knowledge. The opinions of witnesses that the person for whom an award is sought imperiled his life or made signal exertions is not sufficient, but the affidavits must set forth in detail all facts and occurrences tending to show clearly in what manner and to what extent life was risked or signal exertions made, so that the Treasury Department may judge for itself as to the degree of merit involved. The precise locality, whether within the waters over which the United States has jurisdiction or upon an American vessel, the date, time of day, nature of the weather, condition of the sea, the names of all persons present when practicable, the names of all persons rendering assistance, and every pertinent circumstance should be stated. The affidavits should be made before an officer duly authorized to administer oaths and be accompanied by a certificate showing the affiants to be credible persons, certified by that officer or some United States officer of the district in which the affiants reside, such as a judge or a clerk of a United States court, district attorney, or collector of customs. If the affidavits are taken before an officer without an official seal, his official character must be certified by the proper officer of a court of record under the seal thereof.
- (5) To whom recommendations addressed.—Recommendations for life-saving medals to be awarded under the provisions of these regulations will be addressed to the Secretary of the Navy, who will take appropriate measures to cause their transmission to the Secretary of the Treasury. Recommendations and affidavits shall be submitted in duplicate, the original to be forwarded by the Navy Department to the Secretary of the Treasury, and the copy to be retained for the Navy Department files.

Section 24. RESERVE SPECIAL COMMENDATION RIBBON

(1) The Secretary of the Navy on 16 April 1946 established a ribbon (no medal involved) known as the Reserve Special Commendation Ribbon. The

award will be made to those officers of the Organized Reserve who have officially commanded in a meritorious manner for a period of 4 years between 1 January 1930 and 7 December 1941, an organized battalion, squadron, or separate division (not part of a battalion) of the Naval Reserve, or an organized battalion or squadron of the Marine Corps Reserve, and have had a total service in the Reserve of not less than 10 years. The 4-year period need not be continuous, but officers must have been regularly assigned to command such units for a total of 4 years. As the designation "Fleet Reserve" was changed to "Organized Reserve" as of 1 July 1938, command under either designation will qualify.

Section 25. GOOD CONDUCT MEDALS (NAVY, MARINE CORPS, AND COAST GUARD)

(A) NAVY GOOD CONDUCT MEDAL

The Good Conduct Medal when first established. was an award given not for an act of valor, winning any Navy trophy, or otherwise getting in the spotlight, but was given in recognition of approximately 4 years of steady plugging, attention to duty, performance of hard and often unpleasant tasks under difficult and trying conditions; of cheerfully and willingly carrying out orders, returning to station of duty immediately upon expiration of leave or liberty, and in general, loyalty to the oath of enlistment. Further, the qualification of the 3.5 in proficiency in rating makes the award a testimonial that the ability of the holder is above the average. There is no question but that a Good Conduct Award stamps its holder as the highest type of seafaring man. Awarded for: Fidelity, zeal, obedience.

The award of Good Conduct Medals began in 1865 when every petty officer or person of inferior rating who received an honorable discharge were authorized to wear upon the left sleeve of the jacket or frock, above the elbow, a foul anchor, $2\frac{1}{2}$ inches in length, to be white if worn on blue or blue if worn on white, to be called "the honorable discharge badge" and for every additional honorable discharge a star half an inch in diameter would be added to the badge.

In February 1870, by direction of the Secretary of the Navy, a good conduct medal was ordered issued as a testimonial to honorably discharged men and those discharged with continuous service certificate, who were recommended by their commanding officers as having distinguished themselves for fidelity, zeal, and obedience during their enlistment. This medal consisted at the time of a nickel maltese cross bearing the words "fidelity, zeal, and obedience" in the center space and the recipient's name was engraved on the back, the cross suspended by a red, white, and blue ribbon.

In August 1888 these medals were called in, as far as possible, canceled, and the present style of medal was adopted and issued to the service only.

Various changes have been made from time to time in the governing conditions regarding length of service, marks, and recommendations. By Executive order, pay for each Good Conduct Award, at the rate of 75 cents per month, was granted in 1902. This was increased in 1908 to 82½ cents per month and discontinued as a permanent addition to pay by the act of 10 June 1922, effective 1 July 1922. As three consecutive Good Conduct Awards and 12 years of service furnish eligibility to wear gold hash marks, thus publishing the high character of a man's service, there is a demand for these awards in spite of the omission of pay for them.

- (1) Good Conduct Medals and Clasps are issued by the Chief of Naval Personnel. A medal will be issued as the first award. A clasp to be worn on the suspension ribbon of the medal, will be issued for each subsequent award. A bronze star threesixteenths of an inch in diameter shall be worn on the ribbon bar of the medal for each such clasp awarded. A silver star five-sixteenths of an inch shall be worn in lieu of five bronze stars. The wearing of the ribbon bar and of bronze stars thereon will be authorized by commanding officers upon fulfillment of the necessary requirements. Appropriate entries to that effect will be made on page 9 of the service record, and recommendation for issuance of the medal or clasp will be forwarded to the Chief of Naval Personnel. Recommendations for posthumous awards will be made to the Chief of Naval Personnel.
- (2) Eligibility requirements for good conduct awards for active service terminating on or after 15 August 1945:
- (a) Service requirements.—Any 3 years of continuous active service as an enlisted person in the regular Navy, Naval Reserve, or as an inductee. An enlisted man appointed a temporary warrant or commissioned officer under the provisions of Public Law 188, 77th Congress (dual-status personnel), may include such temporary service upon reverting to an enlisted status for any purpose including for discharge to accept appointment as permanent officer in computing total service toward eligibility for a Good Conduct Award. Service performed in temporary warrant or commissioned status under Public Law 188, Seventy-seventh congress will be considered to have fulfilled the conduct and proficiency in rating requirements for the Good Conduct Award provided that the individual concerned has not received one or more of the following in any 3-year period: (a) General court martial: (b) letter of censure; (c) suspension from duty which is entered on fitness report or by copy of letter to the Bureau of Personnel; (d) private reprimand which is noted on fitness report or by letter to the Bureau of Personnel; (e) unsatisfactory fitness report; (f) resignation to escape trial by general court martial; (g) resignation for the good of the service; (h) reversion in rank for disciplinary reasons; (i) release to inactive duty for disciplinary reasons. Except as provided above, service in either warrant or commission status may not be included in computing time served but will not be considered as an interruption in computing enlisted service.
- (b) Conduct requirements.—Within the above 3-year period, no convictions by courts martial including deck court, not more than one lesser offense,

- no sick misconduct, no mark in conduct less than 3.0, and an average mark in conduct of not less than 3.8, and a final average of not less than 3.5 in proficiency in rating. No person will be deprived of a medal or clasp because of disciplinary action taken prior or subsequent to this 3-year period. When a person is convicted by general court martial, a new 3-year period shall begin with the date of restoration to duty, even though on a probationary basis if convicted by a summary court martial with the date of approval of sentence by the immediate superior in command or the senior officer present: if convicted by deck court, with the date of approval by the convening authority. The date of commission of an offense tried by court martial will be considered as the date on which the period ends.
- (3) The eligibility requirements listed in paragraph (2) of this article apply only to active service or enlistments (including extensions) terminating on or after 15 August 1945 and are not retroactive to enlistments or active service terminating prior to that date. For active service or enlistment terminating on or after 1 July 1931 and prior to 15 August 1945, good conduct awards will be made in accordance with the requirements as to service and marks in effect at that time, which were as follows:
- (a) Service requirements for Regular Navy personnel: 1. For a first enlistment or minority enlistment, and if extended for 2 years, the last 4 years in lieu thereof, may be considered, provided the first period of service would have terminated with an honorable discharge.
- 2. For a second or subsequent enlistment or extensions of 3 or 4 years.
- 3. For a total of 4 years served in extensions of an enlistment.
- 4. In a 6-year enlistment, for the first 3 years and also for the remaining period of the enlistment, provided the enlistment terminated with an honorable discharge.
- 5. Service in extensions of 1 or 2 years (except as indicated in pars. 1 and 3 above) or for enlistments, terminated prior to expiration (except when discharged for convenience of the Government within 3 months of expiration of enlistment) will not be considered for good conduct awards.
- (b) Service requirements for naval reservists and inductees: 1. Three years continuous active service in time of national emergency or War.
- (c) Conduct requirements for all classes: 1. Within any one of the above periods, a clear record (no offense or qualifying remarks entered in service record), and no conduct mark less than 4.0, no sick misconduct, and with a final average of 3.5 in proficiency in rating. No person shall be deprived of a medal or clasp because of disciplinary action taken prior or subsequent to one of the above periods, except by conviction for an offense committed in a prior enlistment in which a medal or clasp had been previously held to have been earned but not bestowed.
- (4) For service terminating prior to 1 July 1931, good conduct awards will be made in accordance

with the requirements as to marks and recommendations in effect at the time of the period of service under consideration and in accordance with service requirements as follows:

(a) Prior to 3 March 1899, for second enlistment under continuous service.

(b) From 3 March 1899 to 28 September 1914, both dates inclusive, for 8 years continuous service. From 27 August 1912 to 29 September 1914, first enlistments terminating during this period.

3. For a honorable discharge from not less than 2 years' service in the Regular Navy, following transfer from the United States Naval Reserve Force, under ALNAV 196 or 11 July 1919, for the purpose of completion in the Regular Navy of the period of enrollment, provided that a prior enlistment shall have been terminated with honorable discharge. (e) Good Conduct awards are made to those who enlisted or who reenlisted on or after 7 April 1917, upon the date of the execution of oath of first permanent commission or warrant in the Navy or those officers who shall have served a total of not less than

3 years and 9 months in enlisted and either commissioned or warrant status.

The Marine Corps Good Conduct Medal was inaugurated by Special Order No. 49 dated 20 July 1896, quoted below:

The following rules will be observed in the award of badges for good conduct to enlisted men of the United States Marine Corps:

That any man holding an excellent discharge shall, upon reenlistment, when recommended by the commanding officer of a ship, or the commanding officer of marines at a shore station, and a board of three officers ordered by the Colonel Commandant, United States Marine Corps, receive a Good Conduct Medal. Only those men who are distinguished for obedience, sobriety, industry, courage, neatness, and proficiency shall be recommended for Good Conduct Medals.

A person who has received one medal will, if subsequently recommended, be given a bar of appropriate design. Medals and bars shall be furnished by the Quartermaster, United States Marine Corps, and issued by the Colonel Commandant, United States Marine Corps.

Bars shall be worn above the medal on the same ribbon, the first one being placed below the clasp and showing one-fourth of an inch of ribbon between; following ones to be the same distance below the first.

Good Conduct Medals are given in recognition of good behavior and faithful service, and no person shall be deprived of them, or of the advantages attached to them, except by the sentence of a general court martial. The commanding officer may, however, forbid the wearing of medals by any person undergoing punishment or restriction of privileges.

Men in service at the date of issue of this order who have reenlisted after receiving an excellent discharge in the enlistment preceding the present one, and are recommended for Good Conduct Medals as prescribed above, will be entitled to the same.

The above regulations were amended by changes and the cessation of hostilities on 11 November 1918, so as to provide for the award of the medal or bar on discharge instead of upon reenlistment.

On 13 January 1920, the Secretary of the Navy (Josephus Daniels) authorized the award of the Good Conduct Insignia to men who enlisted after 6 April 1917, for the duration of World War I and were discharged *subsequent* to the signing of the armistice and the cessation of hostilities on 11 November 1918.

On 3 December 1920, the Secretary of the Navy (Josephus Daniels) authorized the award of the Good Conduct Insignia to men who enlisted after 7 April 1917, who served during World War I and were discharged upon report of medical survey, incurred in the line of duty, *prior* to 11 November 1918.

On 2 March 1921, the Secretary of the Navy (Josephus Daniels) authorized the award of the Good Conduct Insignia to members of the Marine Corps *Reserve* who during the period 6 April 1917, and 11 November 1918, performed active service in enlisted grades (this included women of the Marine Corps Reserve).

On 25 October 1921, the Secretary of the Navy (Edwin Denby) authorized the award of the Good Conduct Insignia to those who enlisted *prior* to World War I for a period of 4 years and were discharged upon report of *medical survey* for disability incurred in the line of duty, or were so discharged by reason of wounds received in action against the

enemy, such or other disability being the proximate result of the prosecution of the war.

In 1921 the regulations were amended as follows: Chapter 10, MCM, article 1003:

(1) Good Conduct Medals.—A marine who has completed 4 years' continuous service including service on extended enlistments and on reenlistments within 4 months of discharge, with markings entitling him to character excellent if discharged, who is distinguished for obedience, sobriety, industry, courage, cleanliness, and proficiency, and who is recommended therefor by his commanding officer, may be awarded a Good Conduct Medal, or a Good Conduct Bar if he is in possession of a medal. Awards for periods of less than 4 years' service will be discontinued, except for men now (December 31, 1921) in the service while in their present enlistment.

On 7 August 1925, the Commandant of the Marine Corps issued Circular Letter No. 31 to all officers concerning the following changes:

(1) Good Conduct Medals.—When a man is discharged upon the expiration of his first enlistment with a final average marking of 4.6 or over for military efficiency, obedience, and sobriety, and is recommended therefor by his commanding officer, he may be awarded a Good Conduct Medal; when a man is discharged upon the expiration of a subsequent enlistment with a final marking of 4.8 or over, and is recommended therefor by his commanding officer, he may be awarded a Good Conduct Medal, or a Good Conduct Bar if he is in possession of a medal.

(2) Extension of enlistment.—If a man has extended his enlistment, and is discharged during or upon the expiration of such extension, he will likewise be eligible to be

considered for a Good Conduct award.

2. Men discharged after 31 December 1924, and before November 1, 1925, upon expiration of enlistment may be awarded Good Conduct Medals under the regulation in effect on the former date without regard to the completion of a 4-year period of service.

In 1926 the regulations were amended as follows: Chapter 8, MCM, article 9, change No. 4:

(1) Eligibility.—When a man is discharged upon the expiration of his first enlistment with a final average marking of 4.6 or over for military efficiency, obedience, and sobriety, and is recommended therefor by his commanding officer, he may be awarded a Good Conduct Medal; when a man is discharged upon the expiration of a subsequent enlistment with a final marking of 4.8 or over, and is recommended therefor by his commanding officer, he may be awarded a Good Conduct Medal, or a Good Conduct Bar if he is in possession of a Medal. An enlisted man discharged after not less than 2 years' service in his enlistment, to accept a warrant or commission, is eligible for a Good Conduct award.

(2) Extension of enlistment.—If a man has extended his enlistment and is discharged, transferred to the Fleet Marine Corps Reserve, or retired during or upon the expiration of such extension, he will likewise be eligible for a good conduct award. If the discharge is upon the expiration of a 4-year extension, or of extensions aggregating 4 years, the man will be eligible for an award for the original enlistment and to an additional award for

the extension. (C. M. C. M. 4.)

(3) Court-martial men not eligible.—Ordinarily recommendation for a Good Conduct Medal should not be made in the case of a man who during his current enlistment has been convicted by a court martial, other than a deck court, and whose sentence has been approved by proper authority; but if a recommendation for a Good Conduct Medal is made in such a case, the reasons therefor shall be given over the commanding officer's signature.

In 1931 the regulations were amended as follows: Chapter 8, MCM, Article 17, change No. 10:

(1) Eligibility.-When a man is discharged upon the expiration of his first enlistment with a final average marking of 4.6 or over in obedience and sobriety, and a final average marking of 4.0 or over in military efficiency, neatness and military bearing, and intelligence, and is recommended therefor by his commanding officer, he may be awarded a Good Conduct Medal. When a man is discharged, transferred to Fleet Marine Corps Reserve or retired, upon the expiration of a subsequent enlistment with a final average marking of 4.8 or over in obedience and sobriety, and a final average marking of 4.0 or over in military efficiency, neatness and military bearing, and intelligence, and is recommended therefor by his commanding officer, he may be awarded a Good Conduct Medal, or a Good Conduct Bar if he is in possession of a medal. An enlisted man discharged with above markings, after not less than 2 years' active service in his enlistment, to accept an appointment in the naval or military service is eligible for a Good Conduct award. (C. M. C. M. 10.)

On 5 January 1944, the Secretary of the Navy (Frank Knox) authorized the award of Good Conduct Insignia to enlisted men of the Marine Corps who served during World War I and were discharged at any time between 6 April 1917, and 11 November 1918, to accept a warrant or commission or appointment in the naval or military academy.

In 1945 the regulations were amended as follows: Chapter 8, MCM, article 43, changes No. 7 and 9:

- (1) Eligibility.—When a regular or reserve is discharged, transferred to Fleet Marine Corps Reserve, retired, or released from active duty, after completion of 4 years' or more active service on his current enlistment he may be awarded a Good Conduct Medal under the following provisions:
- (a) First enlistment with a final average of 4.6 or over in obedience and sobriety, and a final average marking of 4.0 or over in military efficiency, neatness and military bearing and intelligence and is recommended therefor by his commanding officer.
- (b) Subsequent enlistments with a final average marking of 4.8 or over in obedience and sobriety and a final average marking of 4.0 or over in military efficiency, neatness and military bearing and intelligence and is recommended therefor by his commanding officer. If in possession of a Good Conduct Medal he will be awarded a bar.
- (c) An enlisted man discharged with the above markings, after not less than 2 years' active service in his current enlistment, to accept an appointment or commission in the naval or military service is eligible for a Good Conduct award.
- (2) Extension of enlistment.—If in an extended enlistment and the extensions aggregate 4 years, the man will be eligible for an award for the original enlistment and an additional award for the 4-year extension. Similarly, a reservist will be eligible for an award for each 4 years of active duty on his current enlistment.

(B) MARINE CORPS GOOD CONDUCT MEDAL

In 1947 the regulations were amended as follows: Chapter 8, MCM, Article 43, change No. 11:

- (1) Effective 10 December 1945, and retroactive to current service-record books as of that date, the following regulations will govern the awarding of Good Conduct Medals and Bars.
- (2) Eligibility.—Enlisted personnel, regular or reserve, who have completed 3 years of continuous active service and who meet the following conditions, are eligible for the award of Good Conduct Medals and Bars:
- (a) Service.—Any 3 years of continuous active service of enlisted personnel, regular or reserve, with the exception that temporary service in a commissioned or

warrant rank is not counted as enlisted service but is not considered as an interruption of continuous service. Also, if reenlisted within a period of 90 days from date of discharge it will not be construed as an interruption of continuous service but the period between discharge and reenlistment will not be counted. Time lost as result of conviction of general court martial will not be counted in computing the 3-year period.

(b) Periods.—Any 3 years of continuous active service regardless of expiration or extensions of enlistments, and any previous or subsequent disciplinary action.

(C. M. C. M. 11.)

(c) Conduct Requirements.—No convictions by court martial or deck court and not more than 2 commanding officers punishments, exclusive of excuse accepted. Markings in service-record book not considered under

Commanding officers are authorized to award the Good Conduct Medal or Bar at the time the requirements are met. The number of the bar will be shown as 1st, 2d, etc. In the event that the commanding officer does not desire to award the medal or bar to an individual who has met the requirements, he will make appropriate recommendation to this headquarters stating the reasons. In making the award the commanding officer will inform the individual concerned and make appropriate entries in the service-record book, change sheet, and muster roll. The Good Conduct Medal ribbon or star may then be worn by the individual.

(C) COAST GUARD GOOD CONDUCT MEDAL

(1) Enlisted personnel of the regular Coast Guard and Coast Guard Reserve and temporary members of the Coast Guard Reserve on full time duty with pay are eligible for good conduct awards provided they were not convicted by court martial, including deck court, without regard to reenlistment, voluntary or involuntary extension of enlistment as follows:

- (b) Computation.—Service in either a commissioned or warrant rank will not be included in computing time served, but will not be considered as an interruption in computing enlisted service. In the case of a commission of an offense, the 3-year period should be calculated to or from the date of the offense provided there is no lost time due to confinement as the result of a conviction. When a person is convicted by court martial, a new 3-year period shall begin with the date of restoration to duty, even though on a probationary basis.

(2) No person will be deprived of a medal or bar because of disciplinary action taken prior or subsequent to any period for which an award has been earned.

Section 48. AMERICAN DEFENSE SERVICE MEDAL

- (1) The American Defense Service Medal will be awarded to all persons in the naval service who served on active duty at any time between 8 September 1939 and 7 December 1941, both dates inclusive.
- (2) Naval Reserve personnel on training duty under orders must have served at least 10 days in such duty. Persons ordered to active duty for physical examination and subsequently disqualified are not en-

titled to this award. Reserve officers ordered to ships of the fleet for training duty (cruise) and officers serving on board ships for temporary additional duty from shore stations are not considered "regularly attached" and are not entitled to the fleet clasp.

- (3) A service clasp, "Fleet" or "Base," is authorized to be worn on the ribbon of the medal by each person who performed duties as set forth below. No person is entitled to more than one such clasp.
- (a) Fleet or sea.—For service on the high seas while regularly attached to any vessel or aircraft squadron of the Atlantic, Pacific, or Asiatic Fleet; to include vessels of the Naval Transportation Service and vessels operating directly under the Chief of Naval Operations.
- (b) Base.—For service on shore at bases and naval stations outside the continental limits of the United States. (Duty in Alaska is considered outside the continental limits of the United States.)
- (4) A bronze star, three-sixteenths of an inch in diameter, will be worn on the service ribbon in lieu of any clasp authorized.
- (5) Navy, Marine Corps, and Coast Guard personnel, who served on the following vessels operating in actual or potential belligerent contact with the Axis forces in the Atlantic Ocean between the dates set opposite the ship in the table below are authorized to wear upon the American Defense Medal service ribbon, a bronze letter "A" in lieu of the bronze star. Such letter shall be three-eighths inch in height and shall be worn centered on the ribbon. When the "A" is worn, no star shall be worn upon the ribbon (Executive Order No. 8808 of 28 June 1941; N. D. G. O. No. 172 of 20 April 1942).

ASIATIC-PACIFIC AREA

East boundary.—Coincident with the west boundary of the American Area. West boundary—Coin-

- 4. Appropriate area campaign medals as defined above are authorized for all personnel of the Navy, Marine Corps, and Coast Guard who, during the period from 7 December 1941 to the terminal date designated above for each medal, shall have served in the prescribed area under any one of the following conditions:
- (a) Sea Duty.—Attached to and serving on board a vessel of the Navy, or Coast Guard, or upon other vessel to which regularly assigned for duty, in the designated area, or as a member of an organization being transported for duty in an area aboard such vessels, for a period of thirty (30) days. This service need not be continuous nor in the same vessel.
- (b) Shore Duty.—Attached to and regularly serving on shore in a designated area for a period of thirty (30) days except in the continental United
- (f) Hazardous Duty.—The engagement in any service in a designated area which, in the opinion of the appropriate Fleet or Frontier Commander or Commandant, United States Marine Corps, is equally as hazardous as combat duty shall render the individuals concerned immediately eligible for the appropriate area medal without reference to any time limitation. This provision shall apply to such operations as mine recovery and disposal, bomb disposal, etc., or equally hazardous operations.
- (g) Passengers.—No individual en route in a purely passenger status, i. e., observer, visitor, courier or escort, shall become eligible for any area campaign medal unless he or the means of conveyance on which he is traveling is attacked by or engages in combat with the enemy. In the latter case, he shall immediately become eligible for the appropriate medal upon the occasion of the attack or combat. In this provision passage as a patient in a hospital

States where the requirement is one (1) year. Such service need not be continuous nor in the same locality but must be within the designated area.

- (c) Any combination of (a) and (b) above that will aggregate the prescribed time in a designated area.
- (d) Patrols.—Service in patrol vessels or aircraft operating in or above ocean waters, provided the individual has been atteached to such units for a period of thirty (30) days and has performed regularly required patrols for an accumulated period of thirty (30) days. This provision is applicable even though the base from which such vessels or aircraft operate is within the continental limits of the United States.
- (e) Combat.—In all cases wherein a vessel, aircraft, or other unit engages in combat with, attacks, or is attacked by enemy forces, all personnel serving in the vessel, aircraft, or other unit shall immediately become eligible for the appropriate campaign medal without reference to the thirty (30) day provision above. However, the certain presence of enemy forces, especially in the case of an enemy submarine, shall be established before this provision shall apply.

ship shall be considered as attached to the ship and not in a passenger status.

- (h) On and after 1 July 1945, no individual engaged exclusively on temporary or temporary additional duty shall become eligible for an area campaign medal unless the duties performed by him during his stay in the area are considered by the Area Commander to have materially contributed to the progress of the campaign. Prior to 1 July 1945 no individual was entitled to an area campaign medal for temporary or temporary additional duty unless such duty included a period of at least thirty (30) days in a designated area or unless he engaged in combat with or was subjected to attack by enemy forces. In the latter case he became eligible immediately upon the occasion of the attack or combat without reference to time limit.
- (i) In any case, service which entitled an individual to a star as defined in existing orders shall also entitle him to the ribbon of the area in which the service is rendered.
- 5. The Chief of Naval Personnel, Commandant, United States Marine Corps and Commandant, United States Coast Guard have issued the necessary

orders for appropriate entries to be made in the records of personnel entitled to the area campaign medals, for other required reports and records, and for procedue in case records are lost or destroyed.

- 6. Stars will be authorized from time to time indicating actual combat service in the several operations or engagements of the war and will be known as engagement stars. Operations or engagements considered to be worthy of such commemoration will be designed by the Chief of Naval Operations. For the purpose of this order the following definitions are applicable:
- (a) An "Operation" is a series of connected military actions occupying a specific area and time and may involve many clashes with the enemy.
- (b) An "Engagement" is an action with the enemy taking place within a restricted time and area, and of sufficient intensity and significance to justify recognition.
- (c) An "Area" is one of the three geographical areas, viz: American Area, European-African-Middle Eastern Area, Asiatic-Pacific Area.
- 7. Area campaign medals will be issued when available. In the meantime the ribbons of these medals and authorized stars may be worn by eligible personnel. Stars shall be bronze, of a size to be inscribed in a circle three-sixteenths of an inch in diameter. The first star, of bronze, shall be centered on the ribbon; if more than one star is worn, they shall be placed in a horizontal line close to and symmetrically about the center of the ribbon. A silver star of a size to be inscribed in a circle five-sixteenths of an inch in diameter shall be worn in lieu of five (5) bronze stars and shall be located as near the center of the ribbon as the symmetrical arrangement permits.
- 8. The prerequisite to the wearing of a star on an area service ribbon shall be honorable service in a ship, aircraft unit or shore-based force at the time it participated in actual combat with the enemy. In instances in which the duty performed did not result in actual combat with the enemy but is considered equally hazardous, the Chief of Naval Operations may award an operation or engagement star to the units concerned. Not more than one star will be awarded for a single operation or engagement. Units supporting an engagement or operation, but subject only to the ordinary hazards of war, do not merit an award. (Note.-Any ship which has been awarded a Presidential Unit Citation or Navy Unit Commendation for meritorious participation in an action or campaign for which a combat star has been authorized is entitled to that combat star.)

PART II.—INSTRUCTIONS FOR THE USE OF CODE NUMBERS ASSIGNED OPERATIONS AND ENGAGEMENTS PART III

1. The code numbers given to the operations and engagements in Part III are composed of a letter and digit. The letter indicates the Theater of Operation, the digit, the Specific Campaign. "P" is the designating letter for the Asiatic-Pacific area, "E" for the

European-African-Middle Eastern area, the "A" for the American area. For example P5 is the code number of the "Pacific Raids—1942."

- 2. Frequently an operation or engagement is composed of several actions. Each action listed has been further subdivided by a dash and number in sequence. For example under the P5 Star five actions are listed, P5–1, P5–2, P5–3, etc. Participation in one or more of these actions entitles an individual to only one Star, the P5.
- 3. In addition to the above code numbers there are two special series; the "200" series is given for Convoy, Armed Guard, and Special Operations. For example, in Part III P205 was given to Task Group 30.4 for the period 22 May to 15 June 1944. The "000" series is given for "A" and "B" Antisubmarine Assessments. "E001" is given to a ship for its first "A" or "B" Assessment in European waters, "E002" for the second, etc.
- 5. A Star is authorized for each attack on enemy submarines which have been given an "A" or "B" assessment. However, if the date of this assessment falls within the dates for which another Star has been authorized, no additional Star shall be worn for that period. For example, in the case of the U.S. S. Bronstein (DE 189) four Stars have been authorized as follows:

16 Feb 44	31 Mar 44	E216	(T. G. 21.16).
1 Mar 44		E001	("B" assessment).
1 Mar 44	•	E002	("B" assessment).
16 Mar 44		E003	("A" assessment).

However, the personnel on board the *Bronstein* during this period may wear only three stars, one for each of the "B" assessments (E001 and E002) and one for the "A" assessment (E003), but may not wear one for E216.

- 6. In some cases no date for the action is given. For example, in the case of Motor Torpedo Boat Squadron (MTBS) 2, the P9 Star is authorized for participation in the "Capture and Defense of Guadalcanal." The over-all date for this operation is 10 August 1942 to 8 February 1943. Personnel who were attached to MTBS 2 during part of this period are not automatically eligible unless they actively participated in the Guadalcanal Area.
- 7. Attention is invited to P17-6, P22-13 and P28-7 entries. The "Supporting and Consolidation" is not to be interpreted as being all inclusive, but is to refer only to the dates so specified. For example under "Naval Gunfire Liaison Officer, 7th Amphibious Force" we note P28-7 is authorized for Wakde Action 5-17-44. To be eligible for this Star, Navy personnel must have been at Wakde on 17 May 1944. This is not to be interpreted as entitling a Naval Gunfire Liaison Officer, who was at Wakde at a time other than 17 May during the period 21 April to 15 November 1944, to wear this Star.
- 8. In the case of the U. S. S. *Block Island* only one Star is to be worn for participation in T. G. 21.11 and 21.16.

PART I-NAVY OCCUPATION SERVICE MEDAL

(A) REGULATIONS

[NOTE: Also see General Instructions, Part IV]

- 1. To commemorate the services performed by the personnel of the Navy, Marine Corps, and Coast Guard in the occupation of the territories of the enemies of the United States during World War II, and subsequent to the surrender of those enemies, a medal to be known as the Navy Occupation Service Medal is hereby established and will be awarded to individuals of the above named services who participate in such occupation according to the requirements of eligibility hereinafter set forth. It is further provided that the Secretary of the Navy may tender this medal to personnel of the Army or other components of the armed forces of the United States for services which he may determine to be commensurate and consistent with the services for which the award is made to personnel in the Naval service.
- 2. Eligibility for the above medal requires that the individual shall have been attached to, present, and serving on permanent duty with an organization in the Naval service of the United States, or otherwise as provided in paragraph one above, during those periods of time when such occupation of enemy, or former enemy, national territory.
- 3. Occupation duty in the European-African-Middle Eastern area shall be credited to organizations for duty performed on and subsequent to 8 May 1945, on shore in such parts of Germany, Austria, and Italy and in such parts of other territories recognized as sovereign to those countries, as are under governmental control of the United States, or of an ally of the United States during World War II, or in ships operating in such home or territorial waters or contiguous ocean area in direct support of occupation or in aircraft based upon and operating from such territories or ships.

Services performed in the European-African-Middle Eastern area between 9 May and 8 November 1945, inclusive, shall not be credited toward individual eligibility for the Navy Occupation Service Medal unless the individual is already eligible for the European-African-Middle Eastern Campaign Medal for services performed prior to 8 May 1945.

- 4. Occupation duty in the Asiatic-Pacific area shall be credited to organizations for duty performed on and subsequent to 2 September 1945, on shore in such parts of Japan and in such territories recognized as sovereign to Japan, and in such parts of Korea and such adjacent islands as are recognized to be Korean, but exclusive of all the mandated territory formerly administered by Japan, as are under the governmental control of the United States, or of an ally of the United States during World War II, or in ships operating in such home or territorial waters or contiguous ocean areas in direct support of occupation or in aircraft based upon and operating from such territories or ships. Services performed in the Asiatic-Pacific area between 3 September 1945 and 2 March 1946, inclusive, shall not be credited toward individual eligibility for the Navy Occupation Service Medal unless the individual is already eligible for the Asiatic-Pacific Campaign Medal for services performed prior to 2 September 1945.
- 5. The Navy Occupation Service Medal shall not be awarded for any service for which another medal is authorized, except as provided in paragraphs 3 and 4 above. Not more than one Navy Occupation Service Medal will be awarded to any individual regardless of whether service has been performed in different areas or places at different intervals of time. Appropriate clasps marked "Europe" and "Asia" are hereby authorized to be attached to the ribbon of the medal to denote service in Europe and Asia respectively. No distinctive device to denote possession of the above clasps is authorized for wear on the service ribbon.
- 6. Individuals in the naval service who have been or may be tendered the Army of Occupation Service Medal by the War Department and who are to become eligible for the Navy Occupation Service Medal shall not be entitled to both medals, but may elect which medal to accept. By agreement between the War and Navy Departments, however, the Army of Occupation Medal will be awarded only to Army personnel and the Navy Occupation Service Medal will be awarded only to personnel of the Navy, Marine Corps, and Coast Guard. Personnel enumerated above who by virtue of their having served under Army command and who will not be awarded the Army of Occupation Medal as a result of the above agreement with the War Department, will, if otherwise eligible, submit application to the Bureau of Naval Personnel, via appropriate channels for award of the Navy Occupation Service
- 7. The ribbon of the Navy Occupation Service Medal is of silk 1% inches in width consisting of a stripe of white $(\%_{16}$ inch), a band of black $(\%_{2}$

inch), a band of red (½ inch), and a stripe of white ($\%_{16}$ inch).

8. The following is a list of units credited by the Secretary of the Navy with having performed duty in the occupation of enemy, or former enemy, national territory during indicated periods. Additional lists of eligible units will be published from time to time by the Chief of Naval Personnel. (ALNAV 25 of 22 January 1947; N. D. G. O. No. 255 of 28 January 1948.)

PART II-CHINA SERVICE MEDAL

(A) REGULATION

- 1. The commemorative purposes for which the China Service Medal was established and authorized by General Order No. 176, dated 1 July 1942, are hereby extended to include the services performed by personnel of the Navy, Marine Corps, and Coast Guard during the operations in China subsequent to 2 September 1945, and until a terminal date to be designated. It is further provided that the Secretary of the Navy may tender this medal to personnel of the Army or other components of the armed forces of the United States for service which he may determine to be commensurate to and consistent with the services for which the award is made to personnel in the Naval service, and this provision for tender shall apply for all periods of time for which award of this medal is authorized.
- 2. The medal will be awarded to individuals who shall have been attached to, present, and serving on permanent duty with an organization of the Naval service of the United States credited by the Secretary of the Navy with having participated in operations in China. Services performed in the Asiatic-Pacific area between 3 September 1945 and 2 March 1946, inclusive, shall not be credited toward individual eligibility for the China Service Medal unless the individual is already eligible for the Asiatic-Pacific Campaign Medal for services performed prior to 2 September 1945.
- 3. Organizations will, consistent with the above dates, be credited with qualifying service for services performed on shore in China and such adjacent islands and territories as are recognized to be Chinese, or in ships operating in such territorial waters or contiguous ocean areas, or in aircraft based upon and operating from such territories or ships.
- 4. The China Service Medal shall not be awarded for any service for which another service medal is authorized except as provided in paragraph 2 above and not more than one medal shall be awarded to any individual. No clasps, distinguishing devices, or other insignia are authorized to be worn on the corresponding service ribbon except that individuals to whom the medal has been or may be awarded for service performed under General Order No. 176, of 1 July 1942, shall upon becoming eligible for this award for service performed subsequent to 2 September 1945, wear a bronze star signifying the sec-

ond award on the ribbon of the medal and on the service ribbon.

- 5. Nothing contained herein shall be construed as altering or otherwise affecting the conditions for which the China Service Medal was awarded by General Order No. 176, of 1 July 1942, except as provided for tender to other services as provided in paragraph 1 above.
- 6. The ribbon of the China Service Medal is of silk 1% inches in width, the color is Spanish yellow with a one-eighth stripe of red one-eighth inch from each edge. This ribbon and medal is identical to that issued under General Order No. 176 of 1 July 1942.
- 7. The following is a list of units credited by the Secretary of the Navy with having participated in operations in China subsequent to 2 September 1945 thereby qualifying for the award of the China Service Medal. Additional lists of eligible units will be published from time to time by the Chief of Naval Personnel. (Ainav 25 of 22 January 1947; N. D. G. O. No. 255 of 28 Jan. 1948.)

(A) REGULATIONS

1. The following is a list of units credited by the Secretary of the Navy as eligible for the Navy Occupation Service Medal and the China Service Medal for indicated periods during which they were performing shuttle service between Japanese, Korean, and Chinese areas. - 4. The terminal dates of eligibility for those units, which were present in the area at the time data were compiled, were established administratively and will be extended as appropriate on future lists.
- 5. The Chief of Naval Personnel and the Commandant, United States Marine Corps, will disseminate the necessary information and issue such instructions as they deem necessary for the future distribution of the medals and the keeping of records to administer this general order. The Chief of Naval Personnel will fully inform the Commandant, United States Coast Guard, of the instructions.
- 6. Pending promulgation of the above instructions and publication of separate credited lists, no applications for the subject medals or requests for authorization for the wearing of the ribbons thereof will be accepted.

- (2) Individuals eligible under any two of the above provisions are authorized to wear one bronze star upon the ribbon. Individuals eligible under all three of the above provisions are authorized to wear two bronze stars upon the ribbon.
- (3) For purpose of establishing eligibility, Philippine waters are defined as follows: East boundary, from the 20th parallel north latitude south along the 130th meridian east longitude to the Equator; west boundary, the east coast of Asia and crossing the Strait of Malacca on the 103d meridian east longitude; north boundary, the 20th parallel north latitude plus the Gulf of Tonking; south boundary, the Equator.

Section 59. ORGANIZED MARINE CORPS RESERVE MEDAL

- 1. The organized Marine Corps Reserve Medal will be awarded to all officers and men for service in the Marine Corps Reserve subsequent to July 1, 1925; provided that, within any four-year period of service, computed from the date of assignment or reassignment to the Organized Marine Corps Reserve, or the quadrennial anniversary date thereof, they meet the following requirements:
- a. Have attended with an organized unit of the Reserve, four annual field training periods of not less than fourteen days each; and
- b. Have attended with an organized unit of the Reserve, 80 percent of all scheduled drills each year, for four consecutive years. Appropriate duty, and equivalent instruction or duty, may be credited in lieu of drills; and
- c. Have, in the case of officers, received no unsatisfactory fitness reports; or, in the case of enlisted men, have been awarded an average service record marking of not less than 4.5.
- d. A bronze star, to be worn on the ribbon of the Organized Marine Corps Reserve Medal, will be issued for each subsequent qualification earned, in accordance with the above requirements.
- e. Members of the Organized Marine Corps Reserve, when called to active duty in time of war or national emergency, may be credited while on active duty with the annual field training and required attendance to drills, when they have served not less than one month on active duty during each qualification year. Such active service may be credited only for the purpose of qualification for the medal or bronze star toward which the reservist was working at the time of mobilization. When his four-year period is completed, active duty subsequently performed may not be credited toward the issuance of a medal or star. If the period of active duty is of such duration that the reservist is ordered to inactive status prior to completion of his four-year period, the time spent on active duty may be credited toward the award of medal or star, but credit for active duty will not be allowed for any four-year period which began with the reservist on active duty. Once a medal or star is earned after mobilization, the reservist must return to drill and training status before a new qualification period begins.
- f. When an officer of the Organized Marine Corps Reserve is unable to attend drill due to his absence from the place of drill, for causes beyond his control, exclusive of sickness, he should request a leave of absence for such period, in order that this absence from the regular drill period will not count against his record of attendance for promotion and eligibility for the Organized Marine Corps Reserve Medal.
